# Website Planning Document

Whether or Not (title)Author: Hassan Goubil,CIT 230

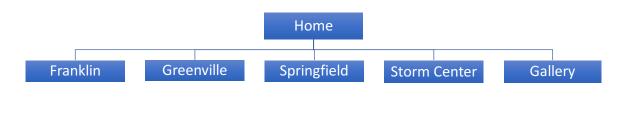

#### Site Purpose

The purpose of the site is to inform the public of the weather in these areas. about the history of the areas, as well as a forecast, and what to take if your camping, or what to wear to work or school.

#### **Target Audience**

The target audience will be those that live in the area or those that are visiting. Also, those that like to be in the outdoors, or mothers wanting to know what their children should wear to school. People who like to hike.
